Barnes Road Detour in Place March 2-17 for Drainage Work

Jacksonville – As part of the ongoing University Boulevard drainage improvement project, Barnes Road will be closed in both directions between Santa Monica Boulevard South and Glorienne Drive Saturday, March 2 through Sunday, March 17.

To access University Boulevard, traffic will be detoured using Spring Park Road and Beney Road. Alternate routes may be taken using Santa Monica Boulevard South. To assist with the flow of traffic, traffic control officers will be on site to direct traffic at the locations shown on the map below during school drop-off and pick-up hours March 4 through March 8. Pedestrian access will be maintained on Barnes Road throughout the closure.

SEMA Construction, Inc. is the contractor for the \$4.4 million project, which is expected to be completed in late 2019, weather and schedule permitting.

For up-to-date information regarding construction projects, please visit www.nflroads.com or contact FDOT personnel at 904-831-FDOT.
