FDOT Begins Resurfacing Improvements on U.S. 1/State Road 5 in St Johns County

St. Augustine, Fla. – Today the Florida Department of Transportation (FDOT) began a resurfacing improvement project on U.S. 1/State Road 5 from North Ponce De Leon Boulevard to Cross Ridge Drive.

The roadway improvement project includes resurfacing the roadway from North Ponce DeLeon Boulevard to Cross Ridge Drive. New sidewalk and lighting will also be installed on each side of the roadway from Fairbanks Street to Big Oak Road. Minor drainage and utility work will also be necessary.

Periodic daytime and nighttime lane closures will be necessary to safely complete work. Lane closure times will be restricted for Nease High School before school begins and after school ends.

Duval Asphalt Products, Inc. was selected to complete the \$20 million project. Construction is estimated to be completed in late fall 2021, weather and unforeseen circumstances permitting.
