## **FDOT to rehab I-295 overpasses from I-10 to Trout River Boulevard**

**Jacksonville** – Starting Monday, March 12, the Florida Department of Transportation will be rehabilitating eight bridges/overpasses on I-295 from Normandy Boulevard to Trout River Boulevard.

The \$2.8 million rehabilitation project will also include the cleaning and painting of overpasses:

- Normandy Boulevard
- I-10 and I-295 Interchange
- New Kings Road
- Old Kings Road
- Trout River Boulevard

Nighttime ramp closures will be necessary at the I-295/I-10 interchange to complete specific work items. Other lane closures within the project limits may also be implemented for safety reasons. Message boards and signs will be used to notify drivers of these closures.

Seminole Equipment Inc., was selected to complete the improvements by spring 2019, depending on weather and other unforeseen circumstances.

For more information regarding construction projects, please visit [www.nflroads.com](http://www.nflroads.com) or contact FDOT personnel at 904-831-FDOT.
