Traffic Advisory: New Kings Road (State Road 15) at Old Kings Road

Duval/Nassau – As part of the Florida Department of Transportation's (FDOT) resurfacing of New Kings Road (State Road 15), southbound traffic has been reduced to a single lane at the intersection with Old Kings Road while crews construct a new right turn-lane and make drainage improvements. Southbound motorists may experience increased traffic during the morning commute. The new traffic pattern is expected to be in place until mid-August, weather and unforeseen circumstances permitting.
