I-10 Eastbound Ramp to U.S. 301 Detour Monday Night

BALDWIN, FL – As part of the I-10 and U.S. 301 interchange improvement project, the eastbound ramp from I-10 to U.S. 301 will close and traffic detoured overnight Monday, Sept. 18 from 9 p.m. to 5 a.m. the following morning, weather and unforeseen circumstances permitting. The overnight closure will be used to grind the concrete pavement on the ramp.

Traffic seeking to access U.S. 301 will exit to State Road 23 north (First Coast Expressway), proceed to the I-10 westbound exit and then continue to U.S. 301.

Superior Construction Company began the \$65 million interchange improvement project in February 2016 and is estimated to complete the work this summer, weather and schedule permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting nflroads.com. Drivers seeking real-time traffic alerts may visit www.FL511.com or download the FL511 app.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
