ICYMI: FDOT to Host Public Meeting for Proposed Changes to U.S. 17 in Green Cove Springs

JACKSONVILLE, Fla. – FDOT will hold a public meeting Thursday, Oct. 26 to discuss proposed roadway modifications on U.S. 17 (State Road 15) from Oak Street to Black Creek in Clay County.

FDOT's proposed changes include:

- Extend the northbound left turn lane on U.S. 17 (State Road 15) and construct a traffic separator from north of Oak Street to Ferris Street (State Road 16). This would close the existing full access median between Cove Street and Bay Street.
- Construct a traffic separator from Ferris Street (State Road 16) to Walnut Street and from Walnut Street to Palmer Street. This would close the existing full access median at Spring Street and Palmer Street and eliminate left turns from Walnut Street.

The meeting will take place virtually and in-person at **the Clay County Supervisor of Elections Office** located at **500 N. Orange Avenue, Green Cove Springs, FL 32043**. FDOT staff and consultants will be available from 4:30 to 6 p.m. to answer questions and accept comments. A formal hearing and public comment period will begin at 6 p.m.

Project documents and virtual participation instructions are available at **nflroads.com/VPH**. Participants who are unable to attend the webinar virtually or in-person may listen to the meeting by phone at **(415) 655-0052** and entering access code **757-004-685**. All participants, regardless of the platform they choose, will be able to view project documents, ask questions and make comments for the public record.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting [nflroads.com](https://www.nflroads.com).
