New Traffic Pattern on Westbound Collins Road to Begin October 25

JACKSONVILLE, Fla. – As part of the Florida Department of Transportation’s interchange improvement project at I-295 and Collins Road, vehicles traveling westbound along Collins Road will be shifted overnight Sunday, October 24 onto the newly constructed westbound lanes as shown in the map below. This shift will enable crews to construct the jug handle lanes that will ultimately provide access from eastbound Collins Road to northbound I-295.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter or at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook.

The Florida Department of Transportation’s mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state’s environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida’s residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department’s mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
