FDOT to Host Open House for Overland Bridge Landscaping Improvements

Jacksonville - The Florida Department of Transportation (FDOT) will host an open house to share information with the community about construction for the upcoming Overland Bridge landscaping improvements project.

The open house will be held Tuesday, August 27 from 4:30-6:30 p.m. at FDOT Urban Office Training Center, 2198 Edison Avenue, Jacksonville, FL 32204.

Those interested can drop by anytime between 4:30 and 6:30 p.m. to learn more about the construction of the landscaping plans and speak with FDOT staff and project design consultants who will be available to answer questions regarding the project. Full-color renderings will be displayed to demonstrate what the landscaping will look like upon completion of the project. No formal presentation will be made.

The current proposal for this \$2.2 million landscaping project includes plantings of numerous species of trees, incidental palms, shrubs, ornamental grasses, irrigation and other supplemental work relating to the overall landscape for the corridor. Work is expected to begin in September 2019, weather and unforeseen circumstances permitting.

The project has been developed through District Two's FDOTree program, which was established to promote communication, delivery and construction of the Florida Department of Transportation's Northeast Florida landscaping program.

For more information, visit www.nflroads.com/FDOTree.
