## Overnight Detours of I-10 and US 301 Interchange Planned from April 29 to May 2

**BALDWIN, Fla.** – As part of the I-10 and US 301 interchange improvement project, the following ramps at the I-10 and US 301 interchange are scheduled to close overnight for resurfacing work to be completed from Monday, April 29 to Thursday, May 2, from 9 p.m. to 5 a.m., weather and unforeseen circumstances permitting.:

- **Eastbound I-10 to US 301 Exit:** Traffic will detour to continue east to use the SR 23 interchange to I-10 West to access US 301. Immediately following this ramp closure, the westbound I-10 to US 301 exit closure begins.
- **Westbound I-10 to US 301 Exit:** Traffic will detour to continue west to use the SR 228 interchange to I-10 East to access US 301.
- **US 301 On-Ramp to I-10 West:**  
There are two detours being utilized for this ramp closure.
  - ❖ Northbound US 301 traffic will detour to US 90 West to SR 228 South to access I-10.
  - ❖ Southbound US 301 traffic will detour to use I-10 East to the SR 23 interchange to access I-10 West.

Motorists are advised to follow posted detour signs and use caution through the area during this time.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
