S.R. 9B overhead sign installation work continues Sunday through Tuesday

Jacksonville – As part of the Florida Department of Transportation’s extension project of State Road 9B (S.R. 9B) from I-95 to County Road 2209, detours will be in place on southbound I-95 Sunday, May 13 and Monday, May 14 each night from midnight to 5 a.m., for overhead sign structure work.

Motorists traveling southbound I-95 south of Old St. Augustine Road will detour to exit at Old St. Augustine Road and continue east to U.S. 1 and travel south on U.S. 1 to south S.R. 9B to travel back to I-95.

State Road 9B, the new four-lane divided highway, will connect I-95 in Duval County to St. Johns Parkway/County Road 2209 in St. Johns County. The project includes overpasses at Race Track Road, Durbin Creek and Russell Sampson Road and a connector road, Peyton Parkway, from Race Track Road to State Road 9B. The connector road will provide direct access to State Road 9B.

Construction of the 2.3-mile extension of 9B into St. Johns County began in August 2015 and is scheduled for completion in summer 2018.

For more information regarding construction projects, please visit www.nflroads.com or contact FDOT personnel at 904-831-FDOT.
