Southbound U.S. 301 to Eastbound I-10 Traffic Switch November 10

BALDWIN, Fla. – As part of the I-10 and U.S. 301 interchange improvement project, the new ramp from westbound I-10 to southbound U.S. 301 will open the morning of Friday, Nov. 10, weather and unforeseen circumstances permitting.

Under the new traffic pattern, vehicles seeking to access northbound and southbound U.S. 301 will use the same exit ramp which will provide access to the northbound and southbound directions.

Superior Construction Company began the \$65 million interchange improvement project in February 2016 and is estimated to complete the work this fall, weather and schedule permitting.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
