Travel Advisory: State Road 200 Lane Closure Schedule

JACKSONVILLE, Fla. – This advisory is to inform community leaders and interested parties about upcoming scheduled lane closures, traffic shifts and other construction activity on State Road 200/A1A. For a complete list of scheduled lane closures in northeast Florida, interested parties may visit www.NFLRoads.com/TrafficReport.

The Florida Department of Transportation has permitted multiple lane closures as part of the State Road 200/A1A improvement projects. Below are several lane closures planned for December 11 through December 18, weather permitting. Certain activities may require unexpected lane closures for the safety of both drivers and construction workers.

Daytime lane closures

State Road 200:

- One lane of eastbound State Road 200 and one lane of westbound State Road 200 from Semper Fi Drive to Sidney Place are expected to be closed Saturday, December 12 from 7 a.m. to 7 p.m.
- The westbound left lane of State Road 200 from Still Quarters Road to Dove Road is expected to be closed Saturday, December 12 from 7 a.m. to 7 p.m.
- The eastbound right lane of State Road 200 from Rubin Davis Lane to the Lofton Creek Bridge is expected to be closed Saturday, December 12 from 9 a.m. to 5 p.m.

Nighttime lane closures

State Road 200:

- The eastbound right or left lane of State Road 200 from Chester Road to Arrigo Boulevard are expected to be closed Sunday, December 13 from 9 p.m. to 5 a.m. This is an alternating closure with only one lane closed at a time.
- The eastbound right or left lane of State Road 200 from Arrigo Boulevard to Old Nassauville Road are expected to be closed Monday, December 14 from 9 p.m. to 5 a.m. This is an alternating closure with only one lane closed at a time.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
