Travel Advisory: State Road 200 Lane Closure Schedule

Yulee, Fla. – This advisory is to inform community leaders and interested parties about upcoming, scheduled lane closures, traffic shifts and other construction activity on State Road 200/A1A. For a complete list of scheduled lane closures in northeast Florida, interested parties may visit: www.NFLRoads.com/TrafficReport.

Drivers can also set up real-time traffic alerts from FL511, a free service offered by the Florida Department of Transportation (FDOT). Motorists can visit www.FL511.com or call #511 for this up-to-date information.

The Florida Department of Transportation has permitted multiple lane closures as part of the State Road 200/A1A (S.R. 200) improvement projects. Below are several planned lane closures, weather permitting, planned for January 31 through February 6. Certain activities may require unexpected lane closures for the safety of both drivers and construction workers.

Notable: In order to complete concrete paving work, the Wildlight Avenue intersection at State Road 200 will be temporarily detoured beginning Sunday, February 9 through Wednesday, February 12. Drivers are encouraged to plan ahead and see the attached map for additional information.

Daytime lane closures:

Interstate 95: None at this time.

State Road 200:

- The eastbound right or left lane of traffic on State Road 200 from Saint Peter Boulevard to Meadowfield Bluffs Road is expected to be closed Saturday, February 2 from 7 a.m. to 5 p.m. The closure will alternate with only one lane closure in effect at a time.

Nighttime lane closures:

State Road 200: None at this time.

Notable Impact to Traffic:

The Florida Department of Transportation (FDOT) will temporarily close Wildlight Avenue at State Road (SR) 200 Sunday night, February 9 through Wednesday, February 19 for concrete paving operations. During the detour Floco Avenue and Daydream Avenue will be restricted to right turn, entrance only traffic.

This detour will not impact traffic traveling straight through on State Road 200/A1A but may inconvenience drivers at the intersection of William Burgess Boulevard and Wildlight Avenue. A map of the detours is below, and an additional notice will be distributed next week.

State Road 200 and Wildlight Avenue intersection detour
