Travel Advisory: State Road 200 Lane Closure Schedule

Yulee, Fla. – This advisory is to inform community leaders and interested parties about upcoming, scheduled lane closures, traffic shifts and other construction activity on State Road 200/A1A. For a complete list of scheduled lane closures in northeast Florida, interested parties may visit: www.NFLRoads.com/TrafficReport.

Drivers can also setup real-time traffic alerts from FL511, a free service offered by the Florida Department of Transportation (FDOT). Motorists can visit www.FL511.com or call #511 for this up-to-date information.

Below are several planned lane closures, weather permitting, planned for October 18 through October 26. Certain activities may require unexpected lane closures for the safety of both drivers and construction workers.

Notable: While not associated with the FDOT's State Road 200 project, Gene Lasserre Boulevard at State Road 200 will be closed to traffic beginning Monday, October 21 at 10 p.m. for milling and resurfacing work. Drivers are encouraged to plan ahead.

Nassau County Advisory: While unrelated to the S.R. 200 corridor, interested parties may appreciate the following information:

The Florida Department of Transportation has temporarily closed a portion of County Road 121/Baldwin and Saint George Road between Turkey Trot Trail and Carroll Corner Road.

The closure will be in place until rehabilitation work is completed on a bridge culvert damaged from erosion. Northbound and southbound drivers on County Road 121 will detour to U.S. 301 via County Road 108 and Henry Smith Road. More information about this project can be found by visiting www.NFLRoads.com.
