### Edgewood Avenue Railroad Crossing to Temporarily Close for Repairs

*Detours are expected to remain in place through November 25.*

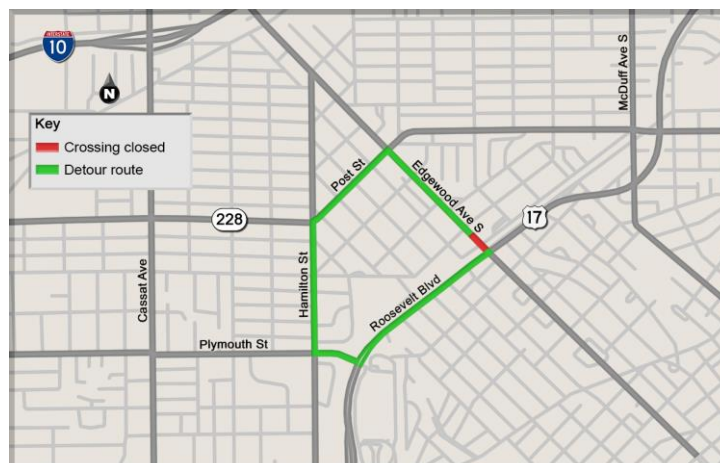

**Jacksonville** – The Edgewood Avenue South railroad crossing near U.S. 17 (Roosevelt Boulevard) will temporarily close beginning Monday, November 18 at 8 a.m. The closure is expected to remain in place until Monday, November 25 while CSX completes crossing repairs.

During the closure, traffic will be detoured via U.S. 17 (Roosevelt Boulevard) Edgewood Avenue, Post Street, Hamilton Street and Plymouth Street as shown in the map below.

Rail is an important component of a healthy economy. It is a cost-effective way to move people and goods efficiently, ultimately saving companies and people money. Rail is also a part of Florida's Strategic Intermodal System (SIS).

The SIS was established to:

- Efficiently serve the mobility needs of Florida's citizens, businesses and visitors; and
  - Help Florida become a worldwide economic leader, enhance economic prosperity and competitiveness, enrich quality of life and reflect responsible environmental stewardship.
- The community's patience is appreciated during this closure so that FDOT and CSX can maintain this important method of transportation.
