

## Proposed Median Modifications

## ABOUT THE PROJECT

Prosser, Inc. representing Momentum Blanding Owner, LLC has applied for a permit to construct Momentum Blanding Apartments at 6136 Blanding Boulevard, Jacksonville, FL 32244. Access to the address would be provided by a single driveway on the west side of Blanding Boulevard. The proposed plans would modify the current median opening by replacing it with a turn lane and directionalized median opening for vehicles traveling northbound on Blanding Boulevard to turn left into the property. Additionally, a turn lane would be added south of the new directionalized median to allow southbound traffic to make a U-turn. The introduction of a turn lane and the directionalized median opening is expected to reduce potential northbound traffic delays and will result in improved safety by reducing turning movement conflicts. Information about the proposed changes, including the traffic study and site development plan, are available for public review at [www.nflroads.com](http://www.nflroads.com).

With this notification, the Florida Department of Transportation is seeking input from the public regarding impacts from the proposed changes. If you would like to comment on the proposed median modifications please send your comments to Jason Quijano at (904) 360-5458, via email at [jason.quijano@dot.state.fl.us](mailto:jason.quijano@dot.state.fl.us) or by mail at the FDOT Jacksonville Urban Office at 2198 Edison Avenue, Jacksonville, Florida 32204-2730. **Public comments will be accepted on the proposed modification through August 25, 2023.**

*Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status.*
