

**PROPOSED MEDIAN MODIFICATIONS**

**ABOUT THE PROJECT**

Haven Campus Communities is a proposed development on SW 13<sup>th</sup> Street at SW 22<sup>nd</sup> Avenue that includes 466 student bedrooms within 171 apartment units. Haven Campus Communities proposes an access connection to the existing median opening, which does not meet current spacing requirements. To meet current spacing requirements, FDOT proposes modifying the current median opening to a directional median opening that would allow northbound and southbound left-turns from 13th Street but restricts left-turns onto 13th Street. Left-turn restrictions can improve safety because cars must turn right and make a U-turn at the next median opening.

Information about the project, including the traffic study and site plan for the development, is available for review at [nflroads.com](http://nflroads.com) by selecting "Alachua County" and clicking on "Future Projects."

With this notification, FDOT is seeking input from property owners who may be impacted by the proposed changes.
