

FIN 435558-2

WELCOME

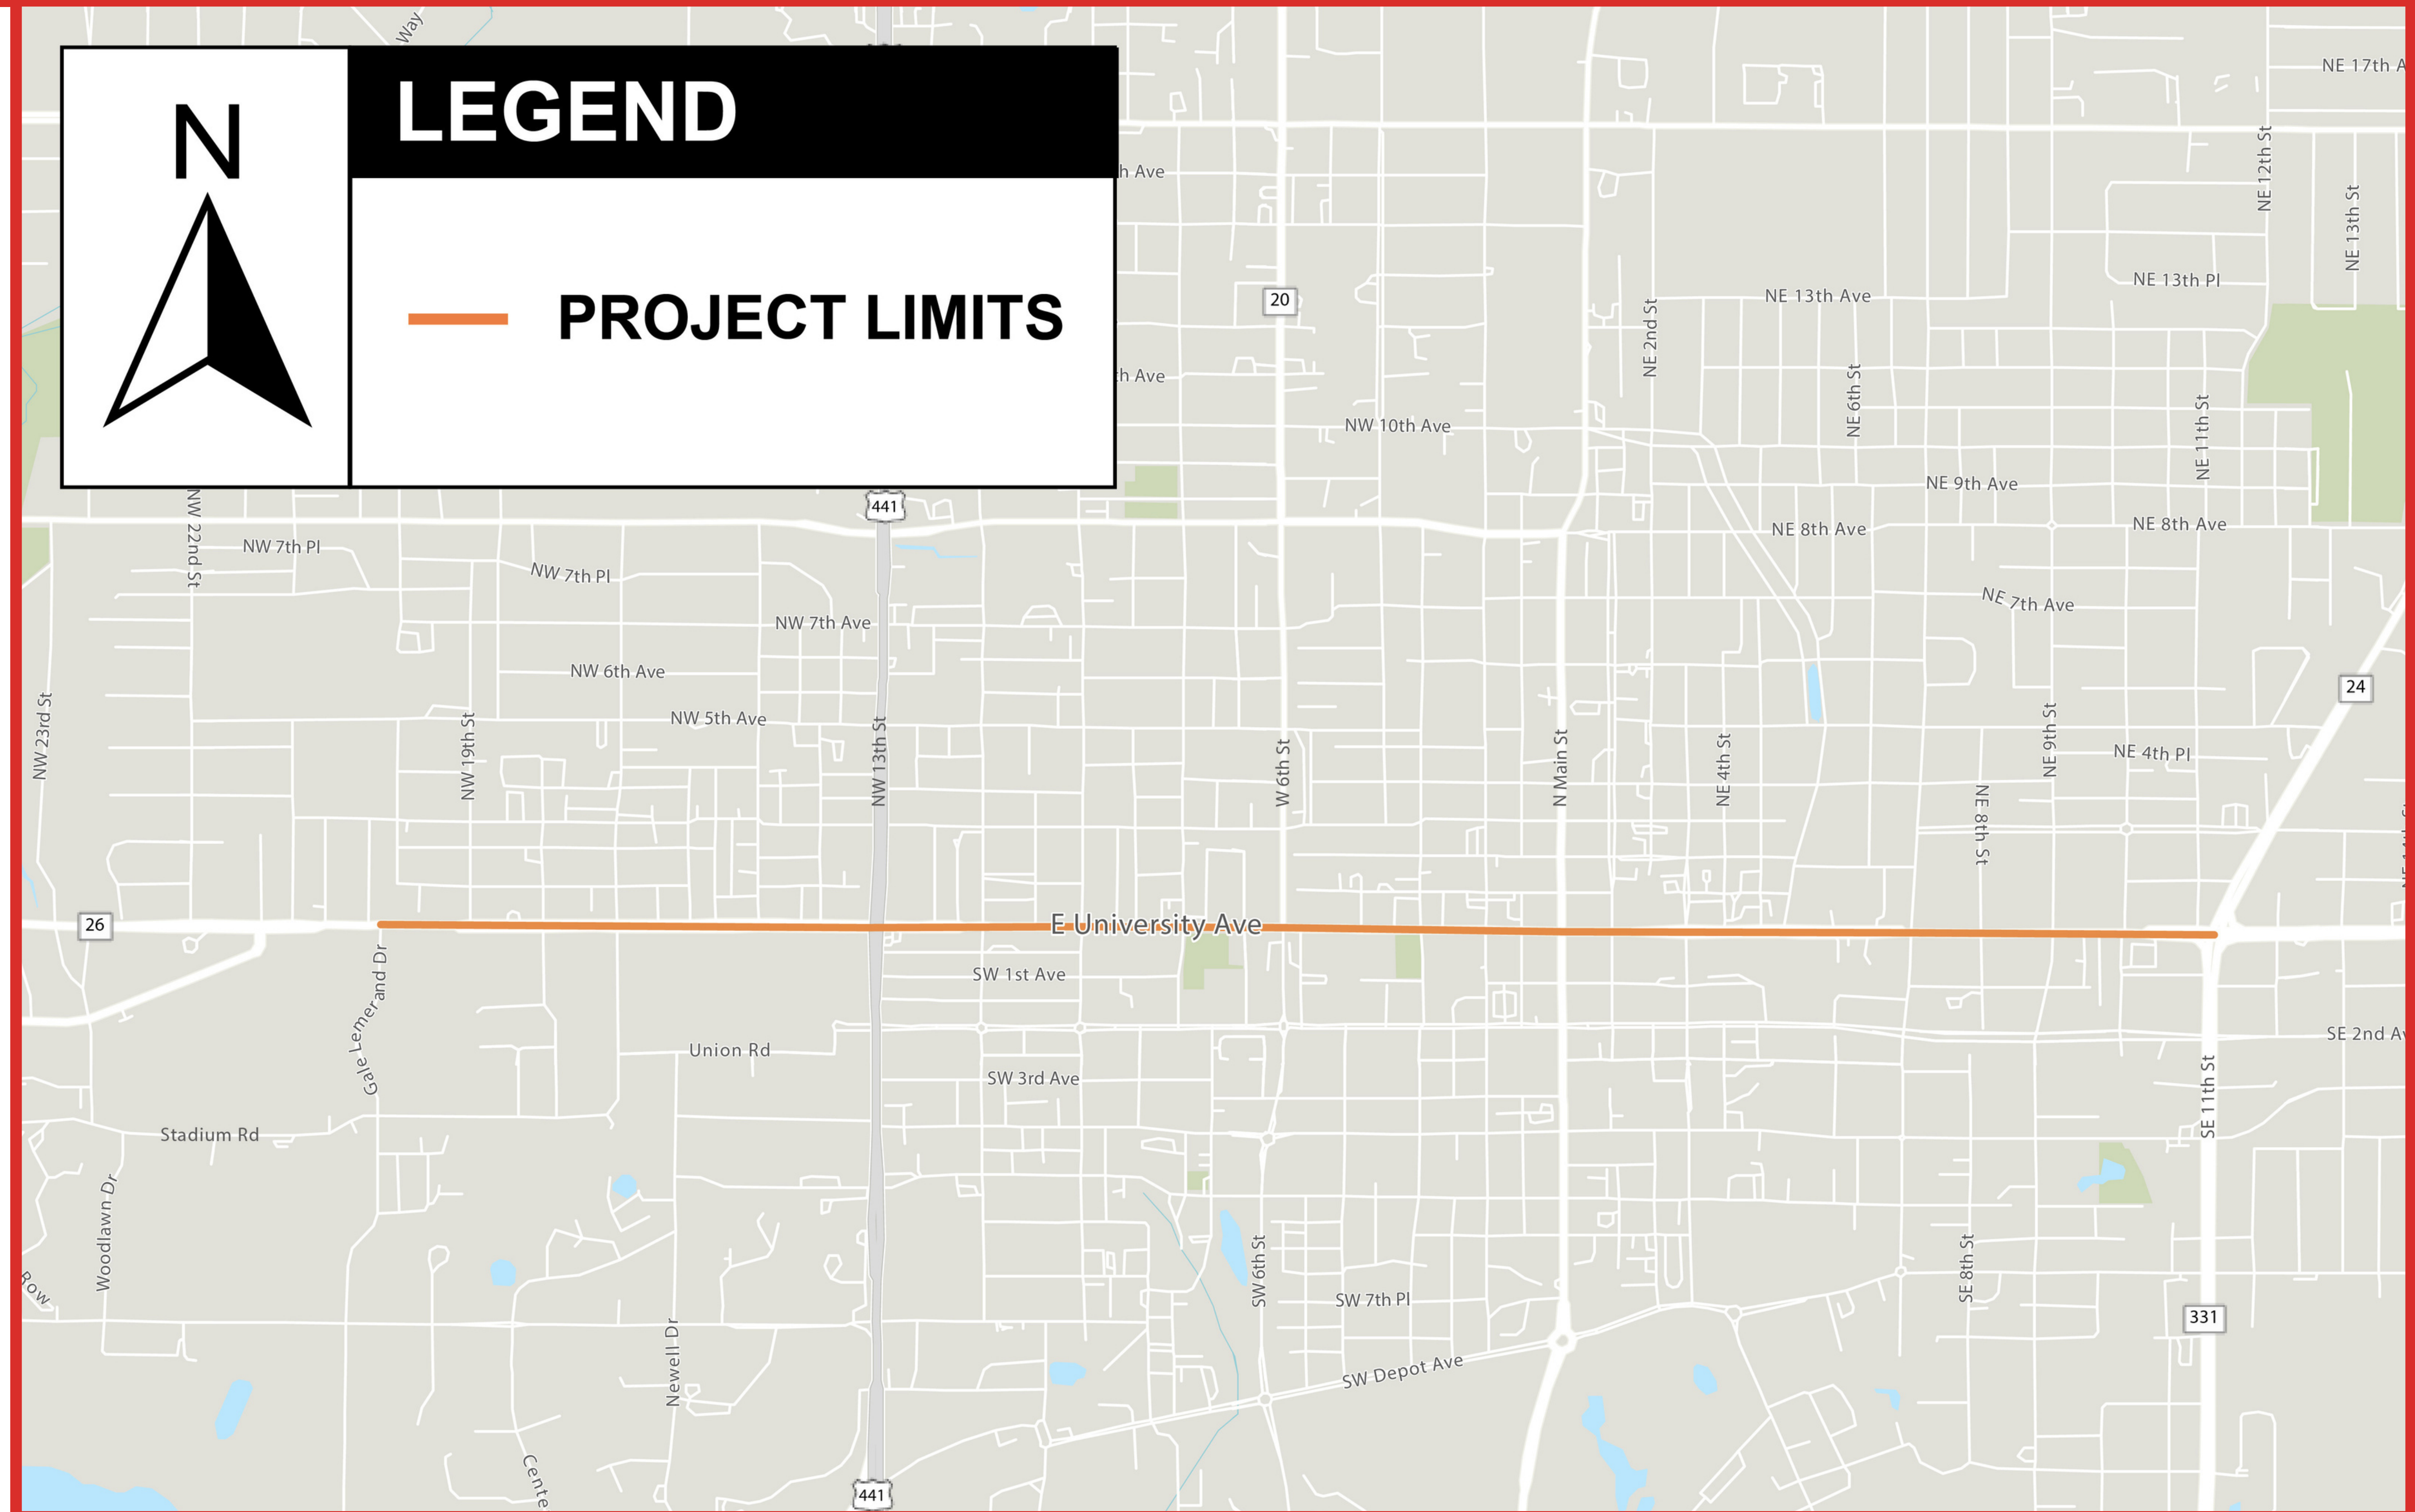

During this meeting, we will discuss a project that proposes improvements on **University Avenue (State Road 26)** from **Gale Lemerand Drive to NE Waldo Road (State Road 24)**

Florida Department of Transportation

TITLE VI

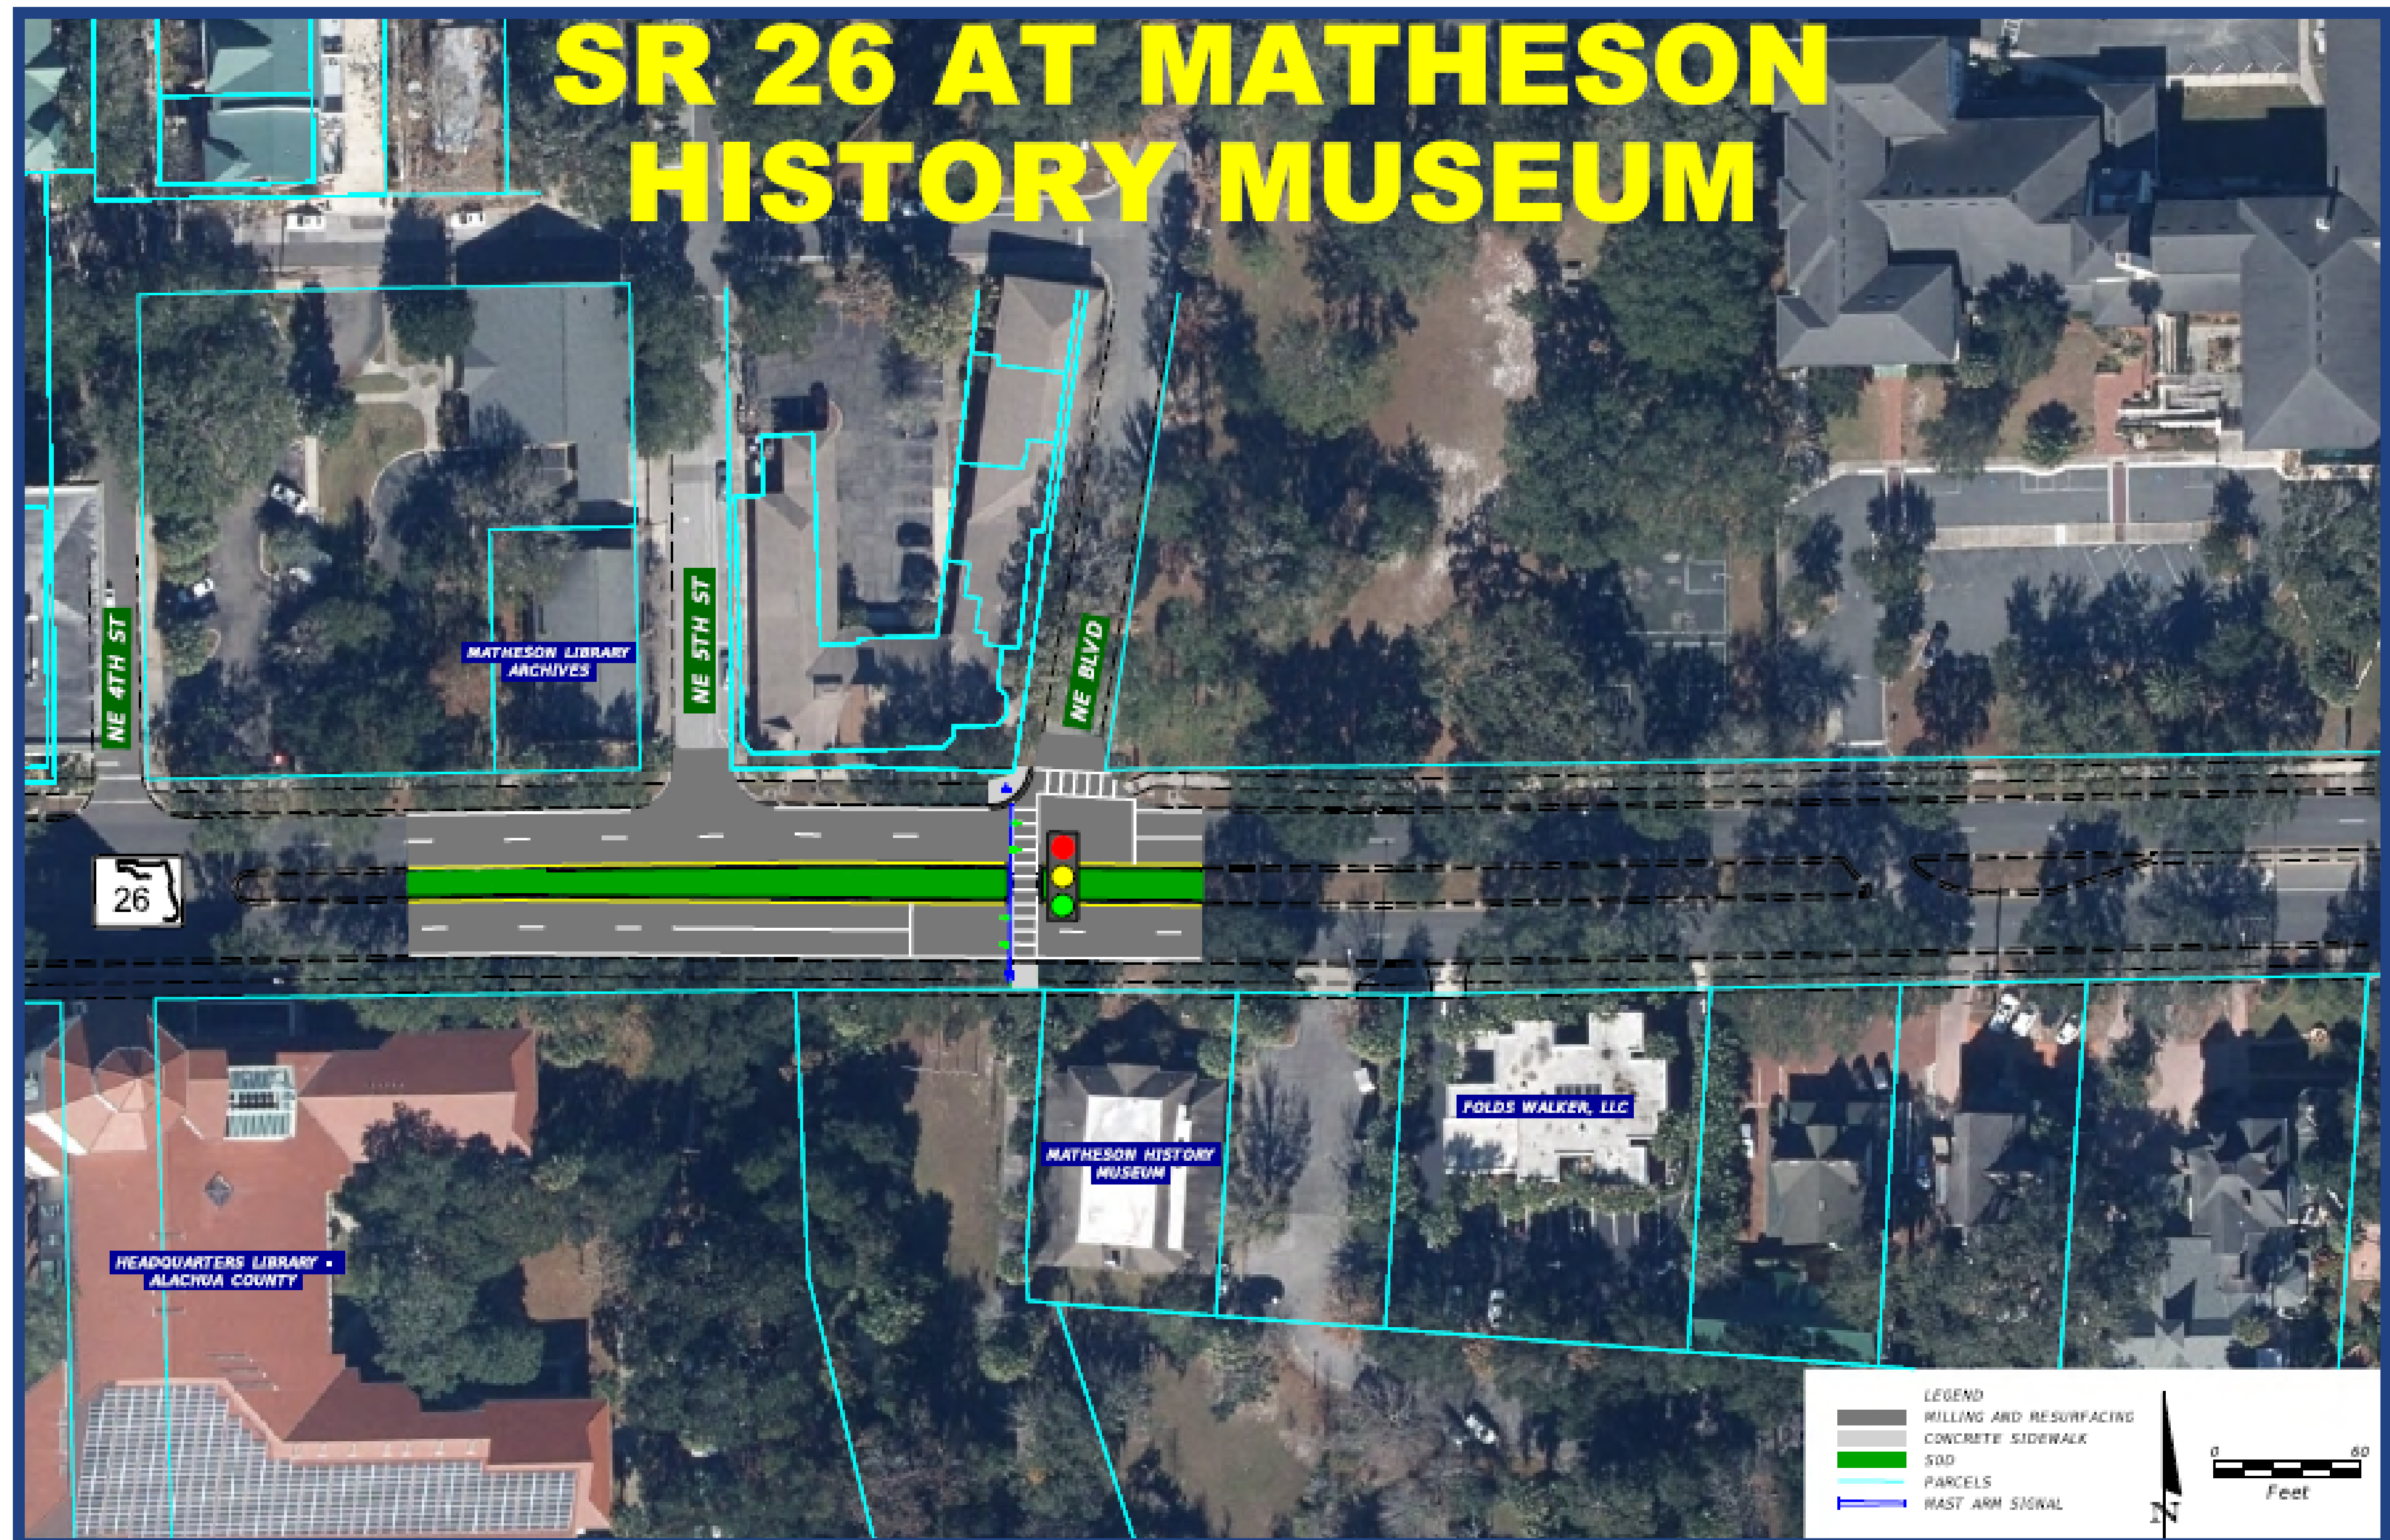

Public participation at this meeting is solicited without regard to race, color, national origin, age, sex, religion, disability or family status.

PROPOSED STATE ROAD 26 IMPROVEMENTS

This project proposes various improvements on University Avenue (State Road 26) from Gale Lemerand Drive to NE Waldo Road (State Road 24) to increase safety for motorists, pedestrians, bicyclists and other users of the corridor.

SR 26 AT MATHESON HISTORY MUSEUM

In partnership with the City of Gainesville, FDOT proposes the following improvements:

- Mill and resurface approximately 2.3 miles of University Avenue (State Road 26) from Gale Lemerand Drive to NE Waldo Road (State Road 24).
- Install a pedestrian crosswalk for the Sweetwater Greenway Trail near the Matheson Museum. The crossing will feature a Pedestrian Hybrid Beacon (PHB) signal and includes the closure of the existing median opening and removal of the turn lane.

In partnership with the City of Gainesville, FDOT proposes to extend the median on University Avenue (State Road 26) at Fletcher Drive (Northwest 18th Street) with minor drainage improvements.
